| • Percentage: 94.60% | |

PROJECTS

- **Food-Recipe-App:** <https://food-recipe-app-lyart.vercel.app/>
- Developed a dynamic and user-friendly food recipe website using React.js, featuring an intuitive interface and interactive recipe search. Implemented responsive design for seamless user experience across devices and optimized components for performance and scalability.
- **Rock-paper-Scissors Game:** <https://sonam750.github.io/game/>
I created an interactive Stone-Paper-Scissors game where users can play against the computer. Built using HTML, CSS, and JavaScript, the game features a clean design, smooth animations, and real-time results. It showcases my skills in frontend development and logic implementation to deliver a fun and engaging user experience .
- **Quiz Web App:** https://sonam750.github.io/quiz_web/

Interactive quiz web app built using HTML, CSS & JavaScript with MCQ questions, real-time score evaluation, timer and responsive design.
